HOUSING AUTHORITY

Vacant (1987)
Reverend Ruth Williamson (1988)
Robert Styles (1989)
Evelyn Shoff (1990)
Vacant (1991)

AMBULANCE DIRECTOR

Bonnie Knapp

REPORT TO CITIZENS

This report is included mainly as a followup to the previous town meeting votes. It is provided for information only.

Presently work is continuing on planning for the existing dump site closeout. In early 1987 the engineering for this purpose should be completed. Northumberland has joined the regional solid waste district in order to plan for a future site to handle the town's solid waste.

The forest management plan covering the Bag Hill lot has been received and a managed cut supervised by the town's forest consultant and the county forester is presently underway.

The Northumberland Village sewer system has been operating since early summer. Town officials are very pleased with the system's operation.

The town offices' landlord, the Berlin City Bank, completed installation of a handicapped chair lift to bring the town in compliance with state and federal regulations. Many users have expressed their satisfaction with the equipment.

The police department added a fourth full-time police officer early this past summer. On the average each officer works a 40-hour regular week with the extra 8 hours per week being handled by a special officer.

The second Community Development Block Grant provided to Northumberland through State funding is well under way and scheduled for completion in 1987. It's expected that 30 or 40 more units will be rehabilitated with these funds.

After cutting through a great deal of red tape the elderly housing project planned for the old Maple Lodge property should be under way and completed in 1987. The way for this project was paved with acquisition and demolition funds provided for under the first \$400,000 CDBG received in 1984.

In the near future it is expected that State and Federal regulations will require extensive upgrading of our municipal water system. Planning is presently ongoing regarding this issue.

Northumberland, as has the entire nation, experienced severe increases in property and liability as well as most other insurance premium costs. The New Hampshire Municipal Association, to which Northumberland belongs, is offering private insurance trust membership to all New Hampshire towns in order to help stabilize towns' insurance costs as well as insure that towns will have insurance available to them. Town officials are presently weighing the pros and cons of membership.

In the spirit of cooperation the Town of Northumberland can and will move forward. Gains have been made, but much is left to be done. I thank you for your past and future support.

Ronald J. Gilbert
Town Manager

FRANCIS J. DINEEN
CERTIFIED PUBLIC ACCOUNTANT

5 MIDDLE STREET - LANCASTER, N.H. 03584
603 788-4928
603 788-4636

To the Members of
the Board of Selectmen
Town of Northumberland
Groveton, New Hampshire 03582

We have examined the combined financial statements and the combining individual fund and account group financial statements of the Town of Northumberland, New Hampshire as of and for the year ended December 31, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Northumberland, New Hampshire at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the proceeding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules, which also includes the supplemental schedule of Federal Financial Assistance, in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Northumberland, New Hampshire. The information has been subjected to the audited procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Very truly yours,

Francis J. Dineen, CPA

LIBRARY REPORT

In 1986 the circulation in the library for books, magazines and recordings was 26,279. The books borrowed through Inter-library Loan was 77.

The books purchased was 794 and 42 recordings. There were 1,647 registered patrons.

There were 30 students that took part in the summer reading program from grades 1 - 6. The books they read at home were recorded in the book log at the library. And there was a film every week for 6 weeks with certificates rewarded for attendance at the end of the program.

Adult classes were given by Nancy Dodge from Portsmouth. The two classes were on geneology- "Climbing your family tree: the basics" and "Cemeteries and other grave issues."

Volumteers for the library were Jeannine Astle and Diane White.

PUBLIC WORKS

With the retirement of Superintendent of Public Works, Forrest L. (Mickey) Maguire, ends an era the town will long remember. Town officials are presently in the process of hiring a highway foreman whose duties will include highways, cemeteries, sidewalks, dump, and other town grounds and facilities with the exception of the water and sewer departments. It is expected that the water and sewer departments will be headed by a separate foreman. These departments will work with each other in order to meet the needs of each department.

Highway Department

This past year was somewhat of a normal year for the highway department. Extra part-time help was hired for mowing cemeteries and parks, freeing up full-time employees to direct their attentions to the other routine summer duties. Street repaving was continued in an effort to give attention to all streets in town with poor surfaces. It should be noted that this repaving is completely paid for from funds received from the State of New Hampshire from a source called Highway Block Grant. These monies can only be used for street maintenance but can be used for purposes other than repaving.

The department is making every attempt to use the town dump in a manner acceptable to State and Federal authorities. This has required stricter enforcement of rules governing accepted dump use. The town is under an order to closeout and discontinue use of the present facility. Town officials are working with the regional solid waste district to find an acceptable alternative to our present dump.

A great deal of time was spent stabilizing bank erosion on Old Route 3 in Northumberland Village. This portion of road was recently turned over to the town by the State of New Hampshire.

A new plow truck together with a plow and body sander is included within the 1987 capital budget. The truck that it will replace was purchased in 1963 and cannot be expected to meet the needs of the department. A modern body-type sander is also being proposed to cut down the necessary manpower and time needed to make the streets safe for travel after snow and ice storms. In addition, its use will eliminate the need for personnel to work in the back of a raised body during sanding operations, a practice that is not safe.

Because of soil erosion, several plots were moved from their river bank locations to more protected areas of the cemetery.

Water and Sewer Departments

With a second operational sewer system, which serves the Northumberland Village area, more demands, both in personnel and money, were realized. In conjunction with this second system, town personnel installed sewer collection lines to serve the Village Motel and area. This saved the town several thousand dollars. The 1987 sewer budget will increase substantially to cover extra sewer maintenance costs.

P O L I C E D E P A R T M E N T

Town of Northumberland Report for the Year 1986

Northumberland Police Department activity has increased due to the hiring of a fourth man which makes the department a full-time police department. In 1986 many changes occurred, especially in the area of personnel. Chief Rice retired and Officer Stohl was promoted to Chief of Police. Officer Hopps was promoted to Sergeant, a rank that has not been in use in the department for several years. Officer Rice was hired as a full-time officer. When Chief Rice retired Lloyd Tippitt was hired as the fourth full-time officer.

In addition, added to our force were four part-time officers. They are Francis Hopps, Jr., William Potter, Timothy Gould and Bruce Oakes. Three of these part-time officers will be attending a part-time officer certification school in January, 1987.

With increased manpower the department was able to send more officers to schooling. Sergeant Hopps attended a school for DWI/Gaze Nystagmus. All officers, including part-time officers, attended two schools in Berlin, one for New Hampshire law updates and the other for drug enforcement update. Officer Rice attended the full-time officers certification school in Concord from September through November 14. Officer Tippitt will be attending the same school in January.

In May, 1986, with the department going to 24-hour coverage, their activity increased in several areas. What follows is a general summary of department activity and finally a detailed accounting of department activity for 1986.

The department has investigated several major felonies this past year including three forgeries with convictions on all three. Burglary has hit the town hard this past year with 18 reported cases with only four found to be other crimes. These were criminal trespass, criminal mischief and theft by unauthorized taking. Of the 14 burglaries, ten were solved with convictions. Relating to unauthorized entries, the police station was broken into and vandalized in November 30 at 1:00 a.m. The subject was apprehended and arrested and was later convicted. In December, 1986, the department investigated and solved five burglaries, two at the McKenzie Restaurant and three at the S & W Market. Two subjects were arrested in these cases. There were 35 shoplifters processed and arrested during the year. Many complaints by townspeople have been received at the department. They include off-highway recreational vehicles and squealing of tires. To answer and to follow up these complaints and to prevent the complaints from continuing to occur, the department did extensive motor vehicle work with the use of the radar and with heavy patrol of all the townroads and streets with heavy officer concentration in the area of the complaints.

In the budget is requested the amount of \$1,500 for the purchase of a new radar, as the one we now have is becoming obsolete and is in a state of disrepair a great deal of the time. We purchased this radar in 1970

at a cost of \$1,150. The unit is now 17 years old. Considering the revenue it brought into the town and state and the resulting reduction in traffic speed, we feel it is a wise investment. Also, in relation to motor vehicle work, the department has increased it's DWI arrest by fifty percent.

The department incurred higher than expected payroll expenditures in December brought on by illness. In addition, the cruiser with almost 100,000 miles on it underwent an engine overhaul. The cost for this was more than \$1,500. It is expected to be replaced in 1987. We hope to have no further serious problems with it before replacement.

The members of the department thank the town for their continued support.

GROVETON VILLAGE PRECINCT

To the inhabitants of Groveton Village Precinct qualified to vote in Precinct affairs: You are hereby notified to meet in the Groveton High School Ryans Gymnasium in said Precinct on Wednesday, March 25, 1987 at 7:00 p.m. for the transaction of the following business:

ARTICLE 1. To choose by ballot, a Moderator to preside over said meeting.

ARTICLE 2. To choose by ballot, a Precinct Clerk for the ensuing year.

ARTICLE 3. To choose by ballot, a Precinct Commissioner for a period of three years, and any other officers, agents and auditors for the ensuing year.

ARTICLE 4. To see what sum of money the Precinct will vote to raise and appropriate for the payment of Precinct Officers' salaries, Fireman's salaries and payroll, and such other incidental expenses as may arise within the Precinct. (Recommended: \$25,725.00)

ARTICLE 5. To see what sum of money the Precinct will vote to raise and appropriate for the Collection and Disposal of Rubbish. (Recommended: \$17,000.00)

ARTICLE 6. To see what sum of money the Precinct will vote to raise and appropriate for the purchase of new hose and equipment. (Recommended: \$10,000.00)

ARTICLE 7. To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing a fire truck, said money to be deposited with the Trustee of the Trust Funds until needed for the new equipment.

GIVEN UNDER OUR HANDS AND IN SEAL THIS SIXTH DAY OF FEBRUARY, 1987.

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

GROVETON RECREATION - 1986

1986 was another good year for the Recreation Department. There were many activities held both at the pool and the "rec" building. Several field trips were also sponsored, including Santa's Village, a picnic at South Pond, and an overnight campout. More of these outings are on the agenda for 1987. Scuba Day was a big success again this year--many thanks to Inland Divers for their support and assistance in this activity. We also wish to thank the Moose Club for their donation for use in the area of youth-recreation.

There was a great deal of much-needed maintenance work done on the pool and "rec" buildings as well as the skating rink this year, which was the main reason for our budget overrun. Following is a list of major areas covered:

- A. A new building to house chemicals at the pool.
- B. Painting in and outside of pool and "rec" buildings.
- C. The skating rink was repaired and painted inside.
- D. The boys' and girls' changing rooms were repaired.

In 1987, we will be investigating a new roof for the pool building. The present one is leaking and must be repaired before additional structural damage is done. We would also like to purchase a pool cover to help hold the water temperature and thereby decrease the number of days the water is too cold for the children to swim.

We are looking to 1987 to be yet another enjoyable and productive year.

Respectfully submitted,

The Recreation Commission

NORTH COUNTRY COUNCIL

ANNUAL REPORT

Calendar year 1986 was a busy and productive year for the North Country Council as it continued to provide a wide range of assistance to towns and cities in the North Country.

The Council is a regional non-profit, public agency chartered under NH RSA 36:45 and is responsible for providing its member communities assistance in local community planning, economic development, solid waste, transportation, and various other community services. Besides the direct assistance the Council provides each member community, it is an advocate for all North Country towns in legislative and funding issues at the state and federal governments.

Growth and development is no longer unique to southern New Hampshire; North Country towns are experiencing similar growth pressures. The Council recognizes the impacts associated with this development to schools, roads, waste disposal, water, etc. The Council is dedicated to assisting town officials with these complicated issues. Because most of the Council member towns do not have a staff of their own to do the research, answer the questions and respond to incoming requests, the Council has revised the way we help member towns. Now, each town has a staff person assigned to assist the local officials of that town with their daily needs. In this way, the Council serves its membership more efficiently.

In **Northumberland**, we began administration of a Community Development Block Grant Housing Project - Phase II. We provided planning assistance to the Upper Grafton/Lancaster Solid Waste District and submitted the 10-year plan to the State. The Council provided technical assistance to the Planning Board on Zoning and Subdivision Regulations, and Master Planning. We also began updating the existing plan and developed a Community Attitude Survey. We assisted the Town Manager in identifying funding for potable water wells.

Economic Development is an important part of the Council's overall agency mission. This year the Council developed two marketing products: a regional brochure promoting the region and community profiles which the ten growth communities in the region are using to market their industrial development potential. The Council also produced a series of magazine advertisements, along with a display at the Eastern States Exposition, promoting the North Country as the sensible place to do business. The Council is now developing a workshop series on industrial development marketing for local officials in the region who are actively seeking economic development.

This past summer the Council co-sponsored the very successful North Country legislative tour. Over 285 legislators and their guests toured the North Country getting a glimpse of the life, economy, and culture that makes our region unique. A follow-up legislative reception was held in December to develop a legislative agenda for 1987. The tour and reception should have future beneficial legislative impact to the North Country.

The Council again provided information and guidance to several towns on federal and state grant and loan programs. This past year saw the Council administer over \$3.0 million in Community Development Block Grant funds. The funds cover such activities as housing rehabilitation, downtown revitalization, business revolving loan funds, and housing rehabilitation feasibility studies.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletters, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications.

The Council again co-sponsored the Municipal Law Lecture series with the NH Municipal Association. The Law Lecture this year covered such topics as local planning board procedures, administration and enforcement of ordinances and review of recent court cases and state law changes regarding local land use planning.

Overall, the Council's major objective is to work with North Country towns in solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

WEEKS HOME HEALTH SERVICES, INC.

Some of you may know that Weeks Home Health Services, Inc. has replaced Lancaster Public Health Nursing, Inc. as the provider of nursing services in our area. On October 16, 1986, Weeks Home Health Services, Inc. was formed by Weeks Hospital Association for the specific purpose of continuing the services formerly provided by Lancaster Public Health Nursing Services, Inc.

WHHS is a not-for-profit organization which provides a range of health care services to clients in their homes. It is a subsidiary of Weeks Hospital Association with offices located in the Weeks Memorial Hospital on Middle Street in Lancaster. The agency, managed by an executive director and a governing board, employs five registered nurses, five Homemaker/Home Health Aides, and a clerical staff. Other professional staff are employed on a contractual basis for Physical Therapy, Occupational Therapy and Speech Therapy.

WHHS provides the following services: (1) Homebound patient care which includes registered nurse visits, therapist visits and home health aide/homemaker visits and (2) Child health care which includes student health monitoring, child health clinics including dental and vision screening, and coordination and follow-up visits for all home births and sudden infant death cases in Coos County, and (3) Community health screening which provides blood pressure screening on a regular basis.

WHHS provides services to the residents of: Dalton, Whitefield, Jefferson, Lancaster, Groveton and Stark. Services are provided regardless of their ability to pay. WHHS is eligible to be reimbursed for its services from Medicare, Medicaid, and private insurance plans. All of these reimbursements depend upon the person's diagnosis, health status, and mobility. However, sliding fee scales are used to arrange private payments for those services not covered by third party payment. Grants from Title XX and State Council on Aging have been applied for, again the services covered by these Grants are being delivered even though the Grants are pending. In an effort to recover some of these costs, a sliding fee scale based on income has been implemented.

Referrals for service are received by Weeks Home Health Services, Inc. from area physicians, hospitals, nursing homes, shared homes, and social service agencies. Individuals in need of services are welcome to call 788-2366 for information from 8 am to 4 pm, Monday through Friday.

TOWN WARRANT

TOWN OF NORTHUMBERLAND THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Northumberland qualified to vote in Town affairs:

You are hereby notified to meet at the Groveton High School Ryan's Auditorium in said Town on the Second Tuesday in March next, March 10, 1987, to act upon the subjects hereinafter mentioned. You are hereby warned that on said date and place the polls will be opened at 9:00 o'clock in the forenoon and will remain open until 6:00 o'clock in the afternoon for the reception of your ballots under the Non-Partisan Ballot System. You are also hereby warned that on said date and place at 7:00 o'clock in the evening the matter of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1.* To choose by ballot the following Town Officer for the ensuing year: One Supervisor of the Checklist.

ARTICLE 2.* To choose by ballot the following Town Officer for the ensuing two years: One Auditor.

ARTICLE 3.* To choose by ballot the following Town Officers for the ensuing three years: One Selectmen, one Treasurer, one Library Trustee, one Trustee of Trust Funds and one Town Clerk/Tax Collector.

ARTICLE 4. To see if the Town will vote to accept the annual operating budget as submitted by the Board of Selectmen. (Refer to the printed operating budget printed elsewhere).

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$1,650 for support of the Community Action Outreach Program. (Submitted on petition of voters)

ARTICLE 6. To see if the Town of Northumberland will vote to raise and appropriate the sum of \$1,130 to contribute to a regional Household Hazardous Waste Collection Project. This program will provide for the proper disposal of hazardous household products which are corrosive, toxic, reactive, and/or flammable, including household cleaners, paint products, pesticides and herbicides, and the like. Subject to adequate funding, collection will take place by June 30, 1987. (Submitted on petition of voters)

ARTICLE 7. To see if the Town will vote to accept the roadway laid out in plan which represents the unpaved portion of Wemyss Drive beginning at or near the Ordzie property and extending to and including the cul de sac beyond the Oakes drive and to appropriate \$5,000 from Revenue Sharing for gravel and equipment hire to bring road to Town specs.. (Submitted on petition of voters)

ARTICLE 8. We the undersigned request the Town of Northumberland to install 4000L high pressure sodium street lights at the junctions of Old Route 3 and Route 3 and that the voters appropriate \$600.00 for this purpose. (Submitted on petition of voters)

ARTICLE 9. To see if the Town will vote to appropriate the sum of \$2,500 to help support and keep open the Eagle's Nest because of the cutback in funding from the Office of Drug & Alcohol Prevention and rising costs. (Submitted on petition of voters)

ARTICLE 10. To see if the Town will vote to authorize Eames Street and Pleasant Street to be designated as one-way streets with entry on Eames Street and exit on Pleasant Street. (Submitted on petition of voters)

ARTICLE 11. Shall we adopt the provisions of RSA 72:1-C which authorize any town or city to elect not to assess, levy and collect a residence tax?

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$783 to support the District Court Juvenile Diversion Program.

ARTICLE 13. To see if the Town will vote to instruct the Town's Representatives to the General Court to take all necessary measures to insure that no low level radioactive waste from the Seabrook Nuclear Plant shall be stored or disposed of within this Town of Northumberland unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the Town at the annual Town Meeting by written ballot.

ARTICLE 14. To see if the Town will vote to create a special unpaid committee to be known as the Upper Grafton/Lancaster Area Refuse Disposal Planning Committee pursuant to RSA 53-B:1 and appropriate \$6,215 from the Revenue Sharing Account for investigative engineering services. This committee shall study the advisability of establishing a Regional Refuse Disposal District and shall report back to the Selectmen and the Town for further action at a subsequent Town Meeting.

ARTICLE 15. To see if the Town will vote to appropriate \$1,000 from the special Forest Maintenance Fund to secure the services of a professional consulting forester to continue forest management practices in the Northumberland town forests, including the programmed harvest of forest products, proceeds from sale to go into the Fund.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$41,525 to purchase a four-wheel drive loader for use by the Town and for this purpose to authorize the Selectmen to borrow upon the note of the Town a sum not in excess of \$41,525 at such rate of interest and payable at such time and place in accordance with Chapter 33 of the 1955 R.S.A. and any amendments thereto, "Municipal Finance Act," as the Selectmen shall decide.

ARTICLE 17. To see if the Town will vote to appropriate \$5,000 from the Revenue Sharing Account to establish a capital reserve account with the Selectmen as its agents with withdrawals therefrom being made from time to time by the Selectmen to cover the cost of the present landfill closeout.

ARTICLE 18. To see if the Town will vote to appropriate the sum of \$3,000 from the Revenue Sharing Account to establish a capital reserve account for the future purchase of an ambulance.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$5,000 to cover the cost of contracting to remove the metal stockpiled at the Town's landfill site.

ARTICLE 20. To see if the Town will vote to raise and appropriate from the Water Fees Account the sum of \$15,000 to update the water engineering study completed in the late 1970's to keep in compliance with State and Federal laws and regulations regarding our Town's municipal water system.

ARTICLE 21. To see if the Town will vote to appropriate a sum not to exceed \$45,000 (\$15,000 from the Revenue Sharing Account, \$20,000 from the Capital Reserve Equipment Fund and \$10,000 from the Capital Reserve Truck Fund) to purchase a new plow truck and a plow and body sander.

ARTICLE 22. To see if the Town will vote to raise and appropriate a sum not to exceed \$15,000 as the Town's share to reconstruct the Canadian National Railroad crossing at the intersection of Main and Cumberland Streets.

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum not to exceed \$12,000 to replace the existing police cruiser.

ARTICLE 24. To see if the Town will vote to raise and appropriate the sum of \$2,000 for Christmas decorations for the Town's streets and parks.

ARTICLE 25. To see if the Town will vote to appropriate the sum of \$5,000 from the separate Water Fees Account in order to establish a capital reserve account for future capital expenditures for the Town's municipal water system.

ARTICLE 26. To see if the Town will vote to appropriate the sum of \$5,000 from the separate Sewer Fees Account in order to establish a capital reserve account for future capital expenditures for the Town's municipal sewer system.

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$22,500 to pay severance pay based upon accumulated sick leave to H. Lee Rice and Forrest Maguire.

ARTICLE 28. To see if the Town will vote to appropriate the sum of \$106,665.00 together with any interest accrued thereon and

any reimbursements for funds already expended, from the separate water and sewer account, (said sum being the remainder of the amount of the new settlement received from EPA on the Town's Sewage Abatement Project plus 1980 Revenue Sharing appropriation) for use by the Selectmen toward the expense of study, planning or construction, or any combination thereof, of the storm drainage and sewer systems for Groveton Village, the sewage disposal system for Northumberland Village, and further, if appropriate, to use said sum as matching funds for any monies obtainable for such purposes from any State or Federal source, the Selectmen being hereby authorized to make application for funds for such purpose to any State or Federal agency.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with RSA 31:95-B.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to incur debts in anticipation of taxes of the financial year, such debts are incurred in order to pay current maintenance and operation expenses, and to issue notes therefore in accordance with the provisions of RSA 33:7.

ARTICLE 31. To see if the Town will vote to authorize the Board of Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deed at public or private sale, as the Selectmen, in their sole discretion, deem equitable and just. (RSA 80:42, I and III.)

ARTICLE 32. To see if the Town will vote to establish a scale of discounts to be as follows: 3% if paid on or before June 1, 1987; 2% if paid on or before August 1, 1987; and 1% if paid on or before October 1, 1987. Discounts will be allowed on \$100 minimum payment.

ARTICLE 33. To see if the Town will vote to instruct the Selectmen to appoint all other officers as required by law.

ARTICLE 34. To hear reports of agents, auditors, committees, or other officers heretofore chosen and pass any vote relating thereto.

ARTICLE 35. To transact any other business that may be legally brought before said meeting.

*Articles 1-3 will be printed on ballots.

Shepard H. Mahurin, Chairman
Harold E. Marshall
Daniel Dupuis

OFFICIAL SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Northumberland qualified to vote in District affairs:

You are hereby notified to meet in the Ryan Gymnasium of Groveton High School in said District on Saturday, March 14, 1987 at 2:00 in the afternoon to act upon subjects hereinafter mentioned.

1. To hear reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto.
2. To see if the District will vote to accept the provisions of the Federal and State School lunch programs and to appropriate such funds as may be made available to the District under such programs as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such programs as it may designate.
3. To see if the District will authorize the School Board to make application for, to receive and expend in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies.
4. To see if the District will vote to raise and appropriate the sum of Seventy Eight Thousand Four Hundred Seventy Seven Dollars (\$78,477.00) to fund all cost items related to teachers' salaries and fringe benefits for the 1987-1988 school year which resulted from negotiations with teachers and represents the negotiated increase over the 1986-1987 salaries and fringe benefits.
5. To see if the District will vote to raise and appropriate the sum of \$4,575.00 for the replacement of the main water line in the Groveton Elementary School.
6. To see if the District will vote to raise and appropriate the sum of \$7,000.00 for the purpose of refinishing the Ryan Gymnasium floor.
7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents and for the payment of statutory obligations of the District.

8. To transact any business that may lawfully come before said meeting.

Given under our hands at Groveton this 26th day of February, 1987.

TRANSMITTAL AND COMMENTARY LETTER

Northumberland School Board
Northumberland School District
Northumberland, New Hampshire 03582

Gentlemen:

We have examined the general purpose financial statements of the Northumberland School District for the year ended June 30, 1986, and have issued our report thereon dated November 19, 1986. As part of our examination, we made a study and evaluation of the system of internal accounting control of the Northumberland School District. The study and evaluation was made of the extent necessary to evaluate the system as required by:

generally accepted auditing standards;
standards for financial and compliance audits contained
in the U.S. General Accounting Office's Standards for
Audit of Governmental Organizations, Programs, Activities
and Functions; and, the Single Audit Act of 1984.

For the purpose of this report, we have classified the significant internal accounting controls in the following categories:

General Ledger
Budget
Cash Receipts
Cash Disbursements
Purchasing and Receiving
Payrolls
Revenue and Receivables
Expenditures, Prepaid and Accruals

Our study included all of the control categories listed above except that we did not evaluate the accounting controls over:

Revenue and Receivables

because we conclude that it is more efficient to expand substantive tests in these categories and place very little reliance on internal controls.

The purpose of our study and evaluation was to determine the nature, timing and extent of performing the auditing procedures necessary for expressing an opinion on the District's general purpose financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole or on any of the categories of controls identified above.

The management of the Northumberland School District is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, the Northumberland School District is managing its federal financial assistance programs in compliance with laws and regulations, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitation in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Northumberland School District taken as a whole or on any of the categories of controls identified in the first paragraph. However, our study and evaluation disclosed the following condition that we believe would result in more than a relatively low risk that errors or irregularity in amounts that would be material in relation to the financial statements of the Northumberland School District may occur and not be detected within a timely period.

Timeliness of Deposits

Based upon audit procedures performed on school districts under the supervision of School Administrative Unit #58, it appears that receipts of the Unit and its district are not promptly processed by the Unit and deposited in the bank. We recommend that deposits be made as soon as possible to promote control over receipts and comply with state law.

This condition was considered in determining the nature, timing, and extent of the audit tests to be applied in our examination of the 1986 general purpose financial statements, and this report does not affect our report on the general purpose financial statements dated November 19, 1986.

This report is intended solely for the use of management and should not be used for any other purpose.

Very truly yours,

David J. Driscoll & Co.
Certified Public Accountants

Report of The Superintendent of Schools

This marks the first report that I submit as Superintendent of Schools for Groveton. Although I have only recently started I do wish to take this opportunity to express to the community as a whole my observations to date and my expectations as Superintendent of Schools.

One only needs to drive north of town to witness a very remarkable change in the schools, the new addition to the high school. This facility is one which should and does evoke the pride of the community it serves. The classrooms promote and restore a pride in the learning that occurs. The professional staff has and shall continue to develop a sense of pride and achievement on the part of the students. The general instruction is back on course and we look forward to meeting the various needs of all our students.

The elementary school with its staff continues to deliver a solid basic instructional program to all its students. It is to the credit of the staff that they are able to do this under difficult circumstances. This building is old and crowded for the programs that are expected of elementary schools. The building is being maintained in a fine fashion by the custodial staff. However the age of the building does warrant some long range planning to occur in the near future.

I am strongly committed to the idea that the school and the community must work as partners in giving the students the best education possible at the most reasonable price to the taxpayer. This is not an easy task for anyone and I am sure there will be times when the school and the community may differ on what is the best approach to educating the young people of Groveton. I hope that these differences will be slight and will not occur often; however, when they do occur I trust that all parties will make every effort to disagree in an agreeable fashion. After all is said and done we do have one common belief, to provide the best education we can for our young people.

We have at our disposal an excellent opportunity to make an impact on the future through the schools. It is therefore imperative that we seize this opportunity and jointly make a commitment to the welfare of the students. We can best do this when we are willing to demonstrate a caring attitude to the pupils. In short, we must care to do our very best. To me, this means we are willing to be what I call a "significant other" in the lives of the students. As educators this means to use our skills as teachers in preparing the students for their, but it means also taking the time to show concern beyond the classroom by recognizing students and their achievements in other areas of their lives such as music, drama or athletics. By demonstrating a positive attitude we can motivate the students to their fullest potential.

Parents and citizens are also educators. Many times they do not see themselves as such; however, they are in the position of having a profound influence on the students. In this way citizens and parents also can and should be "significant others" to the young people of the community. A kind word of encouragement or support can and often does make the difference in a student experiencing success or failure. Again, attitude plays such an important role in young people's lives. Do we

look at a glass as half full or do we see it as half empty? The glass is the same; the way we look at it sets the tone.

I hope that we as partners in the education of the young people of Groveton look at issues in a positive manner and set the tone for our students to experience success.

Respectfully submitted,

Warren E. Bouchard

Groveton High School

The fire that destroyed part of Groveton High School and the hardships, sacrifices and frustrations are now but a memory. As Groveton High School hosted an open house on August 26, 1986, an estimated crowd of 675 citizens, parents, students and friends were present to tour the new facility. The excitement and enthusiasm of the students, the school staff and the townspeople made the two year wait worthwhile. Many comments were made concerning how nice and how beautiful the new wing looked. The new facility is certainly a credit to the citizens of Groveton, and everyone can be proud of what Groveton has accomplished.

As school opened in September, not only was there a new facility to greet a slightly increased enrollment, but also many new teachers or old teachers in new positions. A new principal, a new assistant principal, a new guidance counselor and nine new teachers welcomed the student body on opening day.

In addition to the new staff members, there were also new courses in economics, psychology, welding, small engine repairs and a return of drafting. These courses proved to be popular, as evidenced by the number of students who registered for the classes. The addition of economics and the courses in industrial arts, which have been mandated by the State Department of Education, shows that our school is diligently working to meet the new state standards which must be completed by September of 1988. It is hoped that Groveton will be in complete compliance by this date and by reinstating the art program into the curriculum this coming year, Groveton will move one step closer toward this goal. With the continued support and assistance of the community, Groveton will meet all the state-mandated requirements and continue to provide its young people with the opportunity for an excellent well-rounded education.

This past fall also saw the Groveton school system participate in the Governor's Program - Computers For Teachers. Under Groveton's grant, nine high school and seven elementary teachers received Apple IIe computers for their use. The teachers underwent extensive in-service training to develop computer competence and computer literacy. The importance of this endeavor is that as the teachers advance in their knowledge of

computer usage, they will enhance the quality of instruction in their classrooms. In the long run it will be the students of the Groveton schools who will benefit.

Looking ahead to the 1988-1989 school year, Groveton High School will once again host an evaluation committee from the New England Association of Schools and Colleges. The visiting committee will evaluate Groveton High for the purpose of granting accreditation status. Accreditation would signify that Groveton High School has met and will maintain the minimum standards of the New England Association and that we will improve our educational progress by implementing the valid recommendations of the visiting committee. This evaluation highlights even more the necessity for Groveton High School to be in compliance with the new state standards set by the New Hampshire Department of Education. The citizens of Groveton have always provided a quality education for their students, and hopefully the New England Association's visiting committee will be able to verify that point in their evaluation report.

Respectfully submitted,

Frederick E. Bailey
High School Principal

Principal Fred Bailey speaks at the dedication of the Patricia Riendeau wing of Groveton High School. Visible behind Mr. Bailey are former Groveton Board Chairman Dr. Bernard Belisle, William Joyce of the Teachers' Association, Mr. Riendeau, Ray Burton of the Governor's Council, and former SAU 58 superintendent Charles Micciche.

GROVETON ELEMENTARY SCHOOL

The staff and students returned to Groveton Elementary School in September with an enrollment of 289 pupils in grades K-6. The enrollment figures have remained stable for the past three years with 292 pupils in 1985 and 290 in September 1984.

The present facility, which was constructed in 1908 with an 1959 addition, is being used to full capacity. We have classrooms, programs, and services located in all areas of the facility from the basement to the third floor. At the present time we have fourteen basic classrooms for the K-6 and Special Education program. For the 1986-1987 school year, we did rent space at St. Mark's hall for a Special Education program. In addition we have smaller rooms for Title I tutoring, nurse's room, library, speech room, office space and a cafeteria-kitchen area.

During the next few years, the school district will have to look at major appropriation for building and grounds. The main concerns are: the roof of the 1959 wing will need to be repaired; the main water line of the building will need to be replaced and finally the asphalt on the playground will have to be replaced.

The direction of the elementary curriculum has continued to stress and place emphasis on a basic language arts, and mathematics program. The curriculum provides a balanced program in language arts, mathematics, spelling, science, social studies, and physical education. In addition our school provides health services, remedial reading, special education and a Chapter I tutoring program.

Each year the 330 N.H. elementary schools complete a yearly report and application for approval. The State Department of Education reviews the report to determine the approved category based on the number of standards met by each school. Schools may be placed in one of five categories. For this school year our school did meet twenty eight of the forty standards; therefore Groveton was placed in Category III. We fail to meet minimum standards in the areas of staff and services for school library, guidance services, art and music.

Groveton Elementary School has two educational programs for special education children. The resource room provides a program for about twenty-five children with learning disabilities. The twenty-five youngsters are placed in regular classrooms with special programs, materials and an individual education plan. The children are scheduled for periods of time with a Special Ed. teacher depending on the pupils's needs and individual plan. The second special education program, called Aim, is a classroom for students with emotional handicaps. The Aim program provides an educational program and counseling support to emotionally handicapped pupils. The purpose of the Aim program is to develop appropriate student behavior, coping skills, develop a positive self-concept and, finally to teach relevant academic skills in a small group situation. In addition, speech and language therapy, psychological counseling and testing, occupational therapy are provided to the special education children as deemed appropriate.

The Chapter I program is a federally funded project for students in grades K-6. The program provides tutoring and small group help for approximately fifty youngsters. Children selected for the program receive about a half-hour per day of small group tutoring in the area of language arts or mathematics. Children are selected for the program based on teacher recommendations, test results, and classroom achievement. Chapter I staff works with the classroom teachers to provide small group instruction and activities for improvement of basic skills in language arts and mathematics.

Our school continues to receive services from North Country Education Services. NCES provides a library of media materials for classroom use such as films, filmstrips, educational programs. In addition NCES provides regional assistance with special education programs; provides our school district with educational psychologist, speech therapist, provides a repair and maintenance service for audio-visual equipment.

To assist with the development of a computer program, our school has used the Block Grant (ECIA, Chapter II) project and funds to purchase classroom computers. With the purchase of two computers, Groveton Elementary School presently has eight computers.

Groveton Elementary School is fortunate in having a solid core of professional and non-professional staff members working with our youngsters to provide a quality education. We are also fortunate in having a strong commitment on the part of the community of Groveton to provide the necessary educational programs and opportunities to the youth of Groveton.

Respectfully submitted,

Thomas J. Monahan
Elementary School Principal

Title IX of the Education Amendments of 1972
Public Law 92-318

Subpart A, Section 86.8 of Title IX requires public notification that the Northumberland School District does not discriminate in their educational programs, activities, or employment practices on the basis of race, language, sex, age, or handicapping condition under the provisions of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; and the Education of All Handicapped Children Act of 1975. The Northumberland School District hereby notifies students, parents, employees and residents that complaints and grievances for noncompliance with any of the provisions of Title IX are to be referred to:

Warren E. Bouchard
Title IX Hearing Officer
8 Preble Street
Groveton, NH 03582
Tel. 636-1437

RIGHTS OF PARENTS OR GUARDIANS

As the parent or guardian of a child who may require or who is receiving special education and/or related services, you have the following rights:

- * You have the right to have access to and examine all records relating to your child's education.
- * You have a right to receive prior written notice whenever the local educational agency proposes to begin or change the special educational referral, evaluation and/or educational placement of your child. You also have a right to give your written consent before initial special educational placement and before any individual evaluation of your child.
- * You have a right to question any matter, decision or recommendation relating to your child's referral, evaluation or educational placement.
- * You have a right to request an independent educational evaluation obtained by the local educational agency. If your request is accepted, the evaluation will be conducted by a certified or licensed professional examiner who is independent of the local educational agency and will be performed at no cost to you. Should your request be denied, you have a right to appeal this decision as described below.
- * If you have any complaints regarding the referral, evaluation or educational placement of your child, you have a right to meet with the school board. If any agreement is unable to be reached, you have the right to an impartial hearing conducted by a state appointed due process hearing officer.
- * At this hearing, you have the right to be assisted by person(s) with special knowledge or training, or by an attorney, and the right to present evidence and confront, cross-examine and compel the attendance of witnesses.
- * After this hearing, you have the right to a written or electronic verbatim recording of such hearing. You have the right to obtain written findings of fact and decisions of the hearing at no cost.
- * If the decision of the impartial hearing at the local level is not acceptable to you, you have the right to appeal this decision to the State Board of Education or Civil Court.
- * During any of the hearing or appeal procedures your child shall remain in the current education program, or if applying for initial admission to the public school, shall be placed in a regular program until all proceedings have been completed, unless you and the school officials agree otherwise.

GROVETON SCHOOL HEALTH SERVICES
